This exploded perspective view illustrates the assembly of a mechanical component 76. The assembly is composed of several main parts: a base plate 120, a top cover 126, a side plate 125, and a front plate 121. The base plate 120 features a central circular opening and is secured by a bolt 129c. The top cover 126 is positioned above the base plate and is secured by a bolt 129a. The side plate 125 is attached to the side of the base plate and is secured by a bolt 129b. The front plate 121 is attached to the front of the base plate and is secured by a bolt 129d. Various other components, including a spring 123, a pin 122, and several washers and spacers (131a, 131b, 131c, 131d, 131e), are shown in their relative positions for assembly. The assembly is shown in a disassembled state to illustrate the relationship between the components.
